

Awareness of regulations and expectations of conduct

I, _____, confirm that I am aware of and understand that:

- contact with anyone other than fellow students and guides between the opening ceremony and the end of the theoretical competition without the express permission from the olympiad organizers (specifically regulation §11(4)),
- failure to follow each and every instruction by the laboratory supervisors, especially with respect to health and safety in the practical laboratories (specifically regulation §11(6), §12(1) and §12(2)),
- intentional interference with the activities of my fellow students during the exams,
- being in the possession of electronic or other communication equipment between the opening ceremony and the end of the theoretical competition

may result in a partial or complete cancellation of exam points and in my partial or complete exclusion from the competition.

I confirm that I have now presented all electronic, and other, communication equipment for safe storage by the IChO Staff.
